

# Emotions signs

## AAC Tool

### Material needed:

- videos in Sign Language
- the emotion cards: [view here](#)

**Key competence:** daily life skills

### GENERAL OBJECTIVES

- Equip children with sign vocabulary on emotions
- Develop pupils' ability to express their feelings

### HOW TO USE IT

The videos are designed for the teachers to learn the signs if necessary and to have a better understanding of the hands and arms positions.

The cards can be used in various situations:

- Teachers can use it as flashcards for themselves
- The cards can be introduced to the pupils after they have acquired the signs.
